

## **Privacy Policy - Bibliotheca Alexandrina Virtual Antiquities Museum**

Bibliotheca Alexandrina (BA) develops and makes available immersive experiences themed in cultural heritage. The *Bibliotheca Alexandrina Virtual Antiquities Museum* is a Virtual Reality (VR) application that offers virtual access to an interactive modeling of the BA Antiquities Museum located in the BA building in Alexandria, Egypt. This application does not process user data. No personally identifiable information is stored or collected. BA works to be in compliance with applicable laws, including privacy laws of the Arab Republic of Egypt. For matters concerning this application, please write to [vantiquities@bibalex.org](mailto:vantiquities@bibalex.org).
